

## ASEP Spring 2019 Enrollment Guide

ASEP is excited to announce our Comprehensive Arts Enrichment and Specialty Clubs enrollment guide for the Spring 2019 semester! In an effort to clarify the various programs that ASEP offers, we have created this guide to differentiate between Comprehensive Arts Enrichment and the Specialty Club program offerings. Below you will find answers to common questions we receive regarding the Spring 2019 enrollment process. This is not a first come first serve process, all applicants will be put into a lottery process for Arts Enrichments (part of Comprehensive ASEP) and Specialty Clubs. You will also find a full list of our Spring 2019 Specialty Club offerings and important dates to keep in mind for the Spring 2019 Enrollment process.

### ASEP Spring 2108 Enrollment Guide Q & A

#### **Q: What is the difference between Comprehensive Arts Enrichment and the Specialty Club Program?**

A: All students enrolled in ASEP's Comprehensive Program participate in the Comprehensive Arts Enrichment class of their choice for two hours/week. ASEP staff provide families with a Comprehensive Arts Enrichment Choice Form twice a year where families can select their preferred Arts Enrichment class selections. Enrollment in ASEP's Comprehensive Arts Enrichment Classes is based on a lottery system.

ASEP's Specialty Club Program is separate from the Comprehensive Program with additional program fees and a select number of scholarship opportunities. A full description of ASEP's Spring 2019 Specialty Club offerings is listed on page two of this document. Enrollment in ASEP's Specialty Club programs is based on a lottery system. The Specialty Club Program offers students additional opportunities for enrichment exposure on designated days with offerings specified to grade levels. The Specialty Club Program runs Monday through Friday, with classes ranging from two days a week in one- hour sessions or once a week with a two-hour session.

#### **Q: I am interesting enrolling my child in ASEP's Spring 2019 Specialty Clubs. Where can I find the application for the Spring 2019 Specialty clubs?**

A: On Wednesday November 7th 2018 at 10am, a link to the Spring 2018 Specialty Club application will go live on ASEP's website ([www.asepsf.org/registration.html](http://www.asepsf.org/registration.html)). If your family prefers to fill out a hard copy application, ASEP staff will make those available at 10am on 11/7/18 in the ASEP office (Room 10). For those families that register online you DO NOT need to submit a hard copy application to the ASEP office. If your child is accepted into any of the Spring 2019 Specialty Clubs, and you have not yet filled out a full 2018-2019 ASEP application we will be contacting you to do so. If your child is already enrolled in ASEP for the Fall 2018 semester, you will not need to fill out another full application if your child is accepted into any of the Specialty Club programs.

#### **Q: What is the easiest way to apply for the Specialty Club Program?**

A: ASEP is encouraging all McKinley families to use the online registration for the Spring 2019 Club Enrollment. Online applications will be time stamped upon your submission of the application if you are applying for our Spring 2019 Specialty Club Program. If your family does not have internet access but you would like to use the online registration system please contact ASEP's Program Director Ramiro Lule ([ramiro@asepsf.org](mailto:ramiro@asepsf.org) or 415-465-3603) to discuss alternative arrangements. Or if your family chooses to fill out a hard copy application, ASEP staff will provide that hard copy and be time stamping accordingly upon submission.

#### **Q: What is the deadline to submit applications for ASEP's 2019 Specialty Clubs?**

A: All applications (both online and hard copy) must be submitted by 6pm on Friday November 16<sup>th</sup> 2018 to qualify for the lottery enrollment process.

## ASEP Spring 2019 Specialty Club Program Offerings

Spring 2019 Specialty Clubs run Monday through Friday and offer additional “Specialized Clubs” including Art, Soccer, Chess, Lego Engineering, Basketball, S.T.E.A.M Makers Club and Digital Sound Arts. Specialty Clubs provide the community with part time options and additional enrichment opportunities. Students who participate in the Specialty Clubs have the option to transition into Comprehensive ASEP or "Club After-Care" until 6pm Mon-Fri. Space is limited in all clubs and enrollment is based on a lottery system. Students admitted into Specialty Clubs will be enrolled until June 4th, 2019. Each Club class costs \$150/month with limited scholarships available.

• **Soccer Club (Mondays and Fridays from 2pm-3:10pm – Available for students in grades Kinder through 3rd):** Specifically tailored for beginners of the sport, students learn the basic skills needed to further appreciate the game and eventually play organized soccer in the future!

• **Chess Club (Tuesdays and Thursdays from 2pm-3:10pm – Available for students in grades Kinder through 3rd):** Emphasizing fun over the competitive elements, this club allows students to practice their problem solving, analytical and logical skills all while having fun playing chess!

• **Basketball Club (Tuesdays and Thursdays from 2pm-3:10pm – Available for students in grades 2nd through 5th):** Each week students will learn a new skill such as dribbling, passing, shooting, rules of the game, etc. Students will play fun basketball activities as well as exciting instructional scrimmaging.

• **Art Club (Wednesdays Only from 1pm-3pm – Available for students in grades Kinder & 1st):** This club sparks students’ creativity by exploring two-dimensional and three-dimensional art through drawing, painting, paper-mache and sculpture. Students are exposed to the nuances of each medium and have the opportunity to create and share their own creative designs.

• **Digital Sound Arts Club (Wednesdays Only from 1pm-3pm – Available for students in grades 2nd through 5th):** This club introduces sound on many different levels through technology, music and movement! Students will learn the history of Jazz, Funk, Soul, Reggae, and Hip Hop from around the world by identifying forms, styles and patterns. Using sound mixing technology, students will produce their own songs and perform for their families and peers.

• **Lego Engineering Club (Fridays Only from 2pm-3:10pm – Available for students in Kinder through 3rd Grades):** Provides an opportunity for students to build, learn and play with LEGO Bricks. Classes are designed to teach the fundamentals of engineering and design.

**S.T.E.A.M Makers Club (Fridays Only from 2pm-3:10pm – Available for students in 2nd & 3rd Grades):** Modeled on the STEAM (science, technology, engineering, art, and mathematics) initiative, this

club focuses on developing

children's skills and interest in

STEAM subjects as well as helping them apply creative approaches to problem solving.
